

## Services and Programs

### **Programs**

A program is a planned interaction between library staff and the program participants for the purpose of promoting library materials, facilities, or services, as well as offering the community an informational, entertaining, or cultural experience.

Programming includes such activities as story times, films, and activities, summer library programs, and speakers.

The board in conjunction with the Library Director will establish a budget and goals for programming to facilitate the effective implementation of this service. (Reviewed and approved January 2020)
